

...Righteously prospering together..

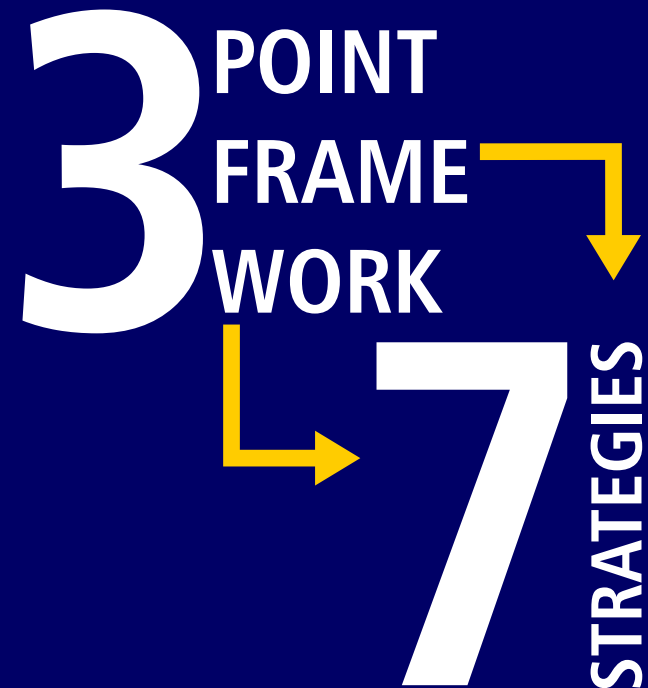

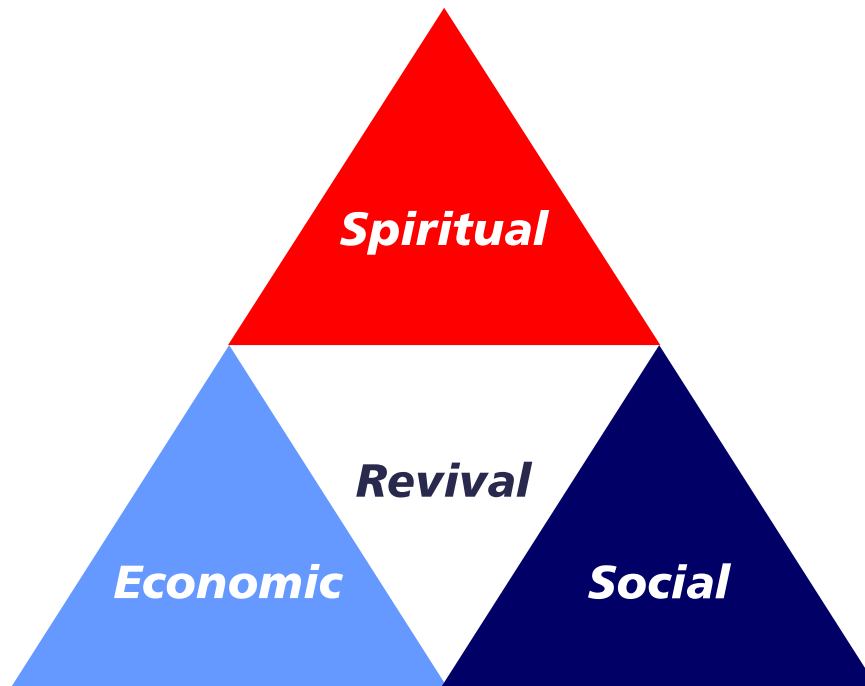

WHO WE ARE

We are a group of people that cuts across generations, tribes, we believe the Word of God in the bible and we trust in the power and leading of God by His Spirit. We believe and engage in honest work with a grassroots approach to building.

WHAT WE DO

At Macedonia, we work with everyone who is willing to change their communities, using agriculture, sports, arts & culture, etc, within a three (3) point framework, *The Triangle*. We are people oriented and our main purpose is to see everyone function with their full God-given potential.

HOW WE DO IT

MACEDONIA GROUP OPERATIONS

The mission arm of the Macedonia group with the mandate to translate men and women everywhere from the kingdom of darkness into the Kingdom of God serving as a spiritual guidance and support for believers, igniting a passion for faith and nurturing a vibrant community of believers. Through DTS, strategic evangelism, engaging worship experiences, and in-depth study of Scripture, MEDMI depopulate the kingdom of darkness, populate the kingdom of God with more souls saved, equipping individuals to grow.

Macedonia Global Investment (MGI) is a progressive investment firm fostering sustainable development across diverse sectors. We target Agriculture, Mining, Marine, Sports, Tourism, Recreation, and Vocation, driving profitable ventures with a positive social and environmental impact.

A cornerstone for economic empowerment, equipping individuals and families with the tools and resources to achieve financial independence and entrepreneurial success. MMCS fosters economic resilience and prosperity through education, skill development, business incubation programs, and access to financial resources; empowering members across different industries and sectors with key interest in Agriculture, Mining, marine, sports, tourism, recreation and vocation.

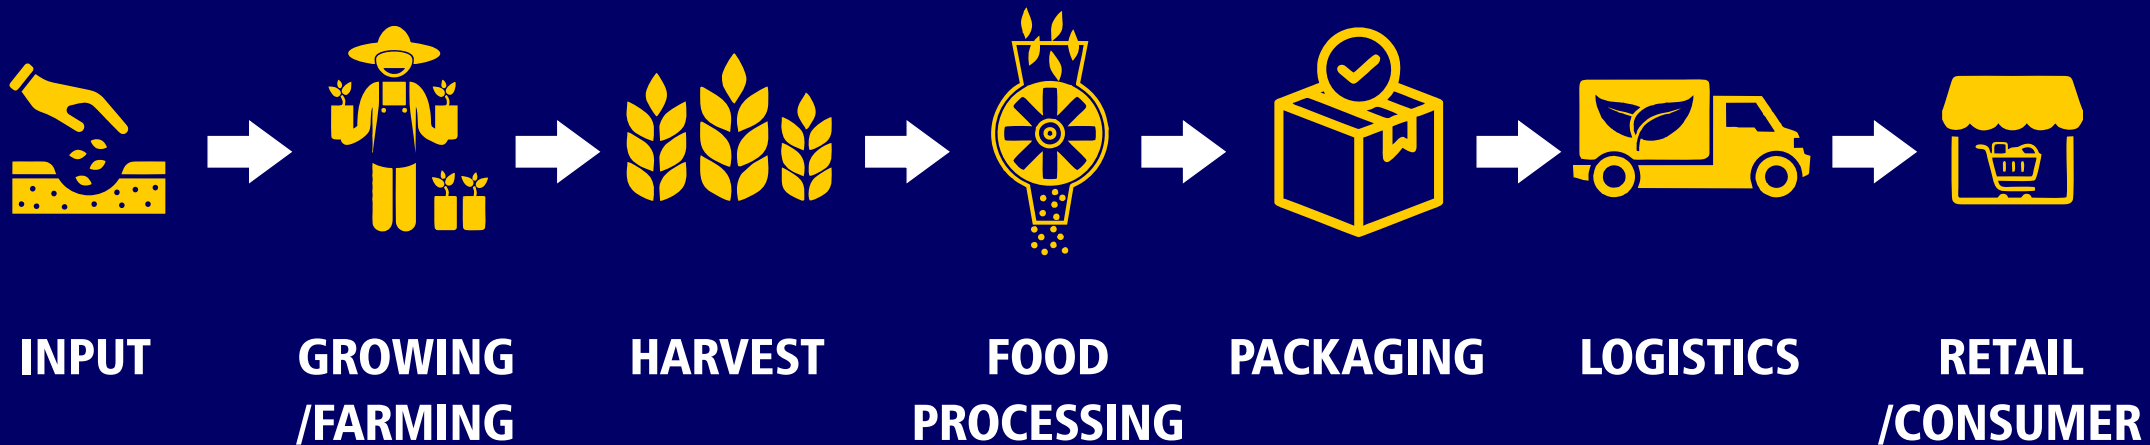

We empower rural communities by advancing agricultural research and development, providing essential training, and fostering sustainable practices that enhance crop production, protect seeds, improve health and nutrition, and secure food systems.

How?

By enabling **mass producers**, having more people involved in one or more parts of the agriculture **value chain**. Setting up and proper management of **cooperatives**. Crops **grown & processed** can be put in a Christian **owned & operated marketplace**.

By means of...

A Value Chain approach.

Everyone can fit or be trained into at least one area in the chain.

The following are products that are produced through our cooperatives. From growing of some raw materials to sourcing of other produce, branding/ packaging/ labeling to logistics & distribution on a small scale.
